Food for Thought

Both Joseph Cornell and Paul Klee created surrealist art - art that seeks to release the creative potential of the unconscious mind or dream like space. What are some dreams that you have that can be turned into art?

If you could create your own holiday, what would the holiday be and when would it be celebrated?

Handmade holiday items date back hundreds of years, from gifts to decorations, foods to cards. Make a list of things you plan to create this holiday season!
